

SEIYED AHAMED

ENGINEERING DRAFTSMAN

ABOUT ME

As a skilled draftsman with 12 years of experience, I excel in creating precise technical drawings across various industries. My expertise includes advanced CAD software, interpreting architectural and engineering designs, and collaborating with project teams.

Renowned for my attention to detail, problem-solving skills, and autonomy, I am dedicated to delivering high-quality drawings that meet project specifications and deadlines. I am committed to supporting project success and organizational goals while pursuing ongoing professional growth and excellence.
